

Department of Mathematical Sciences

Basics about Transfer courses

1. Online courses and courses from Non-US institutions are generally NOT accepted (exceptions exist, for example, for the study abroad program **not** in the winter or summer).
2. Fill out the Harpur College Transfer Credit Petition:
<https://www.binghamton.edu/harpur/advising/forms/docs/transfer-petition-major-minor-fillable.pdf>
3. Send email with completed form to Xingye Qiao (qiao@math.binghamton.edu) for approval before you take the transfer course, even if it appears in the transfer equivalency table. Include in the email:
 - a. Your name & B#
 - b. Current syllabus of the course
 - c. Website of the department/university that offers the transfer course
 - d. Information on when you plan to take the transfer course.
