Math 220 Syllabus

Course: Business Calculus

Semester: Fall 2016

Instructor: John Brown

email: brown@math.binghamton.edu

Course Website: http://www.math.binghamton.edu/math220/math-220-main-page.html

Grades

Final grades will be mostly determined by performance on exams; 60% for in class exams and 30% for the final. The remaining 10% is discretionary, and will be based on some combination of quizzes, homework prep, attendance, participation, and adherence to Academic Honesty.

Academic Honesty

Academic dishonesty may result in failure of the course; see the Binghamton University Student Academic Honesty Code for details. In particular, phones, calculators, and other computers will not be allowed during exams.

Exams

- Exam One is Wednesday, 28 September

- Exam Two is Wednesday, 26 October

- Exam Three is Wednesday, 30 November

Math Help Room

The Math Help Rooms are located in the Math Department Building, Whitney Hall. There are five rooms all near each other; WH 235 is where the Math 220 instructors will hold help room hours. The scheduled times are:

Binbin	Tuesday and Thursday, 1:00 to 2:30
Eran	Monday, Wednesday, and Friday, 9:30 to 10:30
John	Tuesday and Thursday, 10:30 to 12:00

If you go to the help room at a time different from what is listed above, you'll not see a Math 220 instructor, but you may yet be able to receive help; just ask one of the people teaching one of Math 223, 224, 225, 226, or 227.
