MATH 220 Sec 02   Spring 2018 Course Syllabus

Lecturer: K. McKenzie   **Office**: Whitney Hall 224
Dept. secretaries' phone: 777-2147 or 777-2148
Office hours*: Tues 1:30–4:00

Class Meets: MWF   10:50-11:50   SW 327
                          T   11:40-1:05   LN 2403

Course website: This has grading policies and other items of interest.
https://www2.math.binghamton.edu/p/people/mckenzie/math220/course_website_for_220

My website: http://www2.math.binghamton.edu/p/people/mckenzie/start
At the website you will find the daily homework assignments, as well as helpful videos.
Some homework solutions will be posted as the course progresses.

Supplemental materials: You can find extra practice worksheets and videos (often different than ones I post) at http://courses.math.binghamton.edu/math220/supplement.html

Text: *Math 220, Calculus for Business and Management, Spring 2018 edition*, by Ross Geoghegan (at bookstore for about $45; earlier editions are okay)

Grading: About 90% of your grade is based on in-class exams and the final exam; 10% is 'discretionary' as based on quizzes, homework, attendance and participation.

Phones: Stash them, turned off when class starts. Texting etc. affects discretionary portion of your grade.

Attendance: Attendance and participation count toward the 'discretionary' mark (see 'Grading' above). Lateness and texting in class are tallied into attendance.

Exams: Four 1-hour exams, Feb 7, Feb 28, April 13, May 2. The date of the 2-hour final exam will be announced when available.

Calculators and Other Electronic Devices: Calculators are not to be used on quizzes or tests. They may be useful for homework assignments. Using any electronic device, including phone or calculator watches during quizzes or tests will result in a grade of zero.

*Extra help: Besides my office hours, the Math Help Room in Whitney Hall (down the corridor from my office) has calculus instructors who can help you if their own students are not there. Second week of classes, see Math Help Room schedules at
