

Basic Skills Test 1 begins this Monday (Nov 7)

You can take your three attempts any weekday of your choosing Nov 7 – Nov 22. But you need to take at least your first attempt Nov 7-11. You have until Nov 22 to take your last (3rd) attempt.

You will need to self-enroll yourself into the Basic Skills Test section in WebAssign before taking your tests at the Testing Center located in the basement of Whitney Hall (Rooms G12 and G18). You only need to do the following once, and then you're enrolled for the rest of the semester:

Submit the new Class Key “binghamton 5379 3888” here:

<https://www.webassign.net/v4cgi/selfenroll/classkey.html>

- 1) Click on “Enroll”
- 2) Course will read "223/224 - Basic Skills Test", Click on "Yes, this is my Class”
- 3) Sign in with your already existing account info

You'll soon see a new Skills Test popping up in this new section.

Every weekday we offer the Skills Test regardless of when you reserved your date to take it in the Reservation System (more about the Reservation System in my next email).

You will not have access to any of these Skills Tests until you actually take the test in the Testing Center with the password given to you by the proctor.

The next day after you take the test you will have access to the test you took with detailed solutions.

You'll receive another email from me over the weekend regarding how to reserve a spot for taking the exam in the reservation system. The reservation system is not posted yet, I will email you once it is. Please speak with your instructor if you have any questions.
