PUBLICATION LIST

T. TAM NGUYEN-PHAN

Published papers

- Non-aspherical ends and nonpositive curvature (joint with Igor Belegradek), *2016, published in Trans. Amer. Math. Soc. 368 (2016), 5363-5376.*

- Flat cycles in the homology of $\mathrm{SO}(m)\backslash \mathrm{SL}(m,\mathbb{R})/\Gamma$ (joint with Grigori Avramidi), *2015, Comment. Math. Helv..*

- A note on non-uniform lattices in negatively curved, non-visibility manifolds, *published 2014 in Bulletin of the London Mathematical Society.*

- Nonpositively curved manifolds containing a prescribed nonpositively curved hypersruface, *2013, Topology Proceedings.*

- Smooth (non)rigidity of piecewise cusped locally symmetric manifold, *2012, J. of Topology.*

- Smooth (non)rigidity of cusp-decomposable manifolds, *2012, Comment. Math. Helv..*

Submitted papers

- Half-dimensional collapse of ends of manifolds of nonpositive curvature (joint with Grigori Avramidi), arXiv:1608.02185.

Notable preprints

- On finite volume, negatively curved manifolds, arXiv:1110.4087.

- Gluing locally symmetric manifolds: asphericity and rigidity, arXiv:1108.4127.

Other preprints

- Nil happens. What about Sol? arXiv:1207.1734.

- Actions of higher rank, irreducible lattices on CAT(0) cubical complexes, arXiv:1207.1837.
