

Requirements for admission to the graduate program.

To be eligible for graduate study, you must:

- Provide a complete set of your undergraduate (and, if applicable, graduate) transcripts showing one of the following:
 - You have earned a bachelor's degree (or its equivalent) from a nationally or regionally accredited college or university
 - You are within one academic year of earning a bachelor's degree (or its equivalent) from a nationally or regionally accredited college or university
 - You are eligible to apply as part of a memorandum of understanding between your current institution and Binghamton University
- Have earned, at minimum, one of the following:
 - A 3.0 GPA over your entire undergraduate career
 - A 3.0 GPA during last 60 semester credits or 90 quarter credits of your undergraduate degree, with most courses graded regularly (not as "pass/fail")
 - A 3.0 GPA in a graduate degree, with most courses graded regularly (not as "pass/fail")
 - In consideration of the different grading scales used around the world, the Department of Mathematical Sciences evaluates international transcripts to determine on a case-by-case basis whether they demonstrate one of the above requirements.
