## 2025/09/07 23:121/1

## Math 224/225 Schedule Math 224 Temporary Schedule

17	December 12	Final Exam	Wednesday, December 12, 12:50-2:50pm	Basic Skills Test extensions only
		Review		Pagia Chilla Tagt automaiana anhu
16	December 3-December 7	3.5	Curve Sketching	implicit differentiation
15		3.4	Limits at Infinity	November 27), on derivatives of trig functions, chain rule, and
		3.3	How derivatives affect the shape of a graph	Basic Skills Test 2 (starts Tuesday,
	November 30	3.1	More Max/Min Values	
	November 26-	2.9 and 3.1	Linear Approximation (no differentials) and Max/Min Values	
		Thanksgiving Break	Review	
14	November 19	covering sections 1.6 through 2.8	More on Related Rates	
13	November 12-16	2h&lass Midterm Exam	Related Rates	formulas
		2.7	Rates of Change in Science	Thursday, Nov 8), on limits, continuity, and differentiation
12	November 5-9	2.6	Differentiation of Implicitly Defined Functions	Basic Skills Test 1 (starts
		2.5	More Chain Rule	
		2.5	Chain Rule	Kazmierczak videos in precalc text sections 2.4 and 13.3
11	October 29-November 2	2.4	Derivatives of Trig Functions	
10		2.3	Differentiation Formulas	
		2.2	Derivative as a Function	
	Math 224 Begins	2.1	The Derivative and Rates of Change	
1.6	October 22-26	1.8,1.4	Introduction; Intermediate Value Theorem; Tangent and Velocity; Final Exams	

Schedule for Math 226/227 (Beginning August 25)
