### Topological Tverberg Theorem (Prime Power Case)

---

Abstract for the Geometry/Topology and Combinatorics Seminars 2017  
August 31

---

I will solve some discrete geometry problems using methods of equivariant topology. This talk is based on the paper "Beyond the Borsuk-Ulam Theorem - The topological Tverberg story" by Blagojevic and Ziegler. Topological techniques ranging from the Borsuk-Ulam theorem to spectral sequences will be used in solving these problems.
