Statistics Seminar Department of Mathematical Sciences

DATE:	Thursday, November 5, 2015
TIME:	1:15pm to 2:15pm
LOCATION:	WH 100E
SPEAKER:	Hao Xu, Binghamton University
TITLE:	On False Discovery Rate (III)

Abstract

This is the last of three talks on false discovery rate on the topic of multiple testing. We will discuss following two works.

- Estimation of False Discovery Proportion with Unknown Dependence (Jianqing Fan, Xu Han) at http://arxiv.org/abs/1305.7007
- Dudoit, S., Shaffer, J. P., & Boldrick, J. C. (2003). Multiple hypothesis testing in microarray experiments. Statistical Science, 71-103.
