

Statistics Seminar
Department of Mathematical Sciences

DATE:	Thursday, October 4, 2018
TIME:	1:15pm - 2:15pm
LOCATION:	WH 100E
SPEAKER:	Yinsong Chen, Binghamton University
TITLE:	A Brief Introduction of Cutoff Phenomenon

Abstract

I will start with an example of top-to-random shuffle on n cards and introduce the concept of cutoff phenomenon, followed with more examples: Biased random walk on a line segment and Random walk on the hypercube. At last I will discuss separation cutoff with examples.
