Course Website: <https://www2.math.binghamton.edu/p/people/grads/crockett/teaching/math220>

Prerequisites

A score of at least 24 out of 33 on the Calculus Placement Test is required. See <https://www2.math.binghamton.edu/p/calculus/placementtest> for details.

Textbook

The textbook for this class will be the 6th edition of the “Math 220 Course Pack” by Ross Geoghegan and Regina Brewster. It can be found in the Campus Bookstore.

Grades

10%	quizzes, homework, and class participation	
20%	exam 1 (28 September)	
20%	exam 2 (26 October)	1
20%	exam 3 (30 November)	
30%	final exam	

Math Help Rooms

Rooms 231, 233, 234, 235, and 236 in Whitney Hall will be available Monday through Friday from 9:00 to 5:00 for tutoring. Please consult <https://www2.math.binghamton.edu/p/helprooms/start> for updated schedules.

Calculators and Other Electronic Devices

Calculators will not be allowed during any quiz or test. They may be useful for some homework assignments. No particular type is recommended. Students may not access any electronic devices during a quiz or test. Doing so will be considered cheating regardless of the actual action or intent.

¹Exam dates are tentative and may be subject to change.

General Education

Successful completion of this course satisfies the Binghamton University "M" credit requirement. Students in "M" courses will demonstrate competence in an area such as calculus, symbolic logic, the logic of computers, the logic of deductive and inductive reasoning, or probability and statistical inference.

Academic Honesty

Academic dishonesty (e.g. cheating, plagiarism, bribery, etc.) may result in automatic failure of the course. Please see the Binghamton University Student Academic Honesty Code for more details.
