Sec 02: MWF 9:40-10:40 Room AA G19
T 8:30-9:55 Room AA G19

Text: *Math 220, Spring 2018 edition*, by R. Geoghegan & J. Brewster (\$45 at bookstore; earlier editions are okay).

Course website: This has grading policies and other items of interest.

https://www2.math.binghamton.edu/p/people/mckenzie/math220/course_website_for_220

My website: <http://www2.math.binghamton.edu/p/people/mckenzie/start>

This is where daily homework assignments, videos and many homework solutions can be found.

Supplemental materials: You can find extra practice worksheets and videos at

<http://courses.math.binghamton.edu/math220/supplement.html>

Grading: The final grade will be based mainly on in-class exams and a final exam; a small part of the grade is 'discretionary,' as based on attendance, participation (including homework preparation) and quizzes.

Phones: *Stash them, turned off when class starts.* Texting etc. affects discretionary grade.

Attendance and punctuality: Absences (unexcused) and lateness, like texting, affect discretionary grade.

Exams: Four 1-hour exams and a 2-hour final exam. Dates to be announced on my website.

Calculators and Other Electronic Devices: Calculators are not to be used on quizzes or tests. They may be useful for homework assignments. Using any electronic device, including phone or calculator watches during quizzes or tests will result in a grade of zero.

***Extra help:** Besides my office hours, the Math Help Room in Whitney Hall (down the corridor from my office) has calculus instructors who can help you if their own students are not there. Math Help Room schedules will be available the second week of classes at
