2025/09/09 06:59 1/5 About Us

## **About Us**

#### See a mirror of this page on the University website.

#### **Basic information**

- Mailing Addresses
- Directions to the department
- Administrative Personnel
- Chairs of Certain Committees
- The department's by-laws
- Internal department documents (department login required)

### History

- PhD Dissertations completed in the department
- An interview with former chairman, Jim Kent
- About the late <u>Almir Olimpio Alves</u>
- About the late Peter Hilton
- About the <u>annual lecture in memory of Peter Hilton</u>

#### Who are we?

- We are a group of mathematicians and statisticians.
  - The research interests of our faculty members can be divided into five general areas: Algebra, Analysis, Combinatorics, Statistics and Topology/Geometry. Read the <u>Research areas</u> page for interests of each faculty member. Most of us have interests in more than one area.
- We are educators.
- We are joined by many hard-working and talented undergraduate and graduate students.
