

The 2020 Peter Hilton Memorial Lecture

The 2020 Peter Hilton Memorial Lecture will be postponed to Fall 2020 due to the COVID-19 outbreak. Stay tune for our updates.

Robert Gompf, University of Texas at Austin will give the annual Peter Hilton Memorial Lecture for 2020. The lecture will be given on ~~Thursday April 30, 2020 at 3:00 p.m.~~ in Lecture Hall 9. Prof. Gompf is the Jane and Roland Blumberg Centennial Professor in Mathematics at the University of Texas at Austin. For more see: <https://web.ma.utexas.edu/users/gompf/>

The lecture will be followed by a reception at ~~4:15 p.m.~~ in The President's Reception Room, Anderson Performing Arts Center, Binghamton University. This reception is for the whole Binghamton Mathematics Community as well as for our visitors.

Peter Hilton Memorial Lecture is an annual event in memory of Peter Hilton, 1923-2010, a member of the Binghamton Mathematics Department from 1982 until his death in November 2010. He was an internationally famous member of the mathematical community. His contributions included a major role in the code-breaking operation at Bletchley Park during World War II, where he worked with Alan Turing, and important research contributions to topology, homological algebra, elementary number theory, combinatorics, and polyhedral geometry, as well as mathematics education at all levels. A collection of memoirs by people who knew Peter has been published in the December 2011 issue of Notices of the American Mathematical Society.

Peter gave a talk to the department about his wartime codebreaking. You can watch it [here](#).
