

Project

Task

The students are supposed to do an individual project, which consists of a presentation and a report.

The topic of the presentation is open but should be within the area of probability theory.

The final report should be typed out in LaTeX and serves as a brief supporting document (notes) for the presentation.

Grading policies

The total points of the project is 100 points, which can be divided into three parts:

1. Project Proposal (20 pts).
2. Presentation (40 pts)
3. Final report (40 pts)

Schedule

- Project proposal: due by October 30
- Preliminary report: due by November 20
- Project presentations: December 1 - December 8
- Final report: due by December 8
