## Ting Su (Binghamton)

## **Some Properties of Doubly Distributive Hyperfields**

## Abstract for the Combinatorics Seminar 2017 October 10

A hyperfield F is doubly distributive if

(a \boxplus b) (c \boxplus d) = ac \boxplus ad \boxplus bc \boxplus bd

for any a, b, c, d in F. I will talk about several properties I found for a doubly distributive hyperfield.
