Statistics Seminar Department of Mathematical Sciences

DATE:	Thursday, Nov. 19, 2020
TIME:	1:15pm – 2:15pm
LOCATION:	Zoom meeting
SPEAKER:	Wei Yang, Binghamton University
TITLE:	Physical Motivations for Random Matrices

Abstract

In this talk, I will try to provide some physical motivations for Random Matrices, based on a section in the notes "The matrix Dyson equation and its applications for random matrices" by László Erd″os. A review of classical mechanic, and a short introduction of Quantum mechanics will also be given.
